OJ Trial

Lawyer - Ah, Mr. Chappelle?

Dave - Yes.

Lawyer - Are you aware that Mr. Simpson is going to be on trial for a double homicide?

Dave - Yeah, I heard about it. It's all bullshit, man. O.J. Ain't gonna kill nobody, he's rich.

Lawyer - But Mr. Chappelle, what if I told you that we had DNA evidence linking Mr. Simpson to the scene of the crime?

Dave - Then I'd have to ask you where you found it?

Lawyer - In his bedroom, at the crime scene, and in his car.

Dave - In the car?

Lawyer - Right in his car.

Dave - Damn. And in the bedroom too?

Lawyer - In the bedroom.

Dave - Damn. I... damn. Then I'd probably just ask you, "how'd they find it?"

Lawyer - The police found a bloody glove on O.J.'s property.

Dave - Sir, I'm not impressed, all right. Who... what black man don't have some bloody gloves on his property? Nigga, I got one right here. That don't mean I did anything.

Lawyer - Sir, if somebody murdered your family, and the police found a bloody glove on O.J.'s property, and a witness heard strange bangings minutes after the murders...

Dave - I'd have to be real confused because nobody in my family beef with O.J. like that. And we would've killed O.J. after the first time he beat my sister up. We would've whupped his ass. We would've made real orange juice out of that nigga. So, you ain't gonna find no bloody gloves. If anything happened, you can quote me, sir, they would find some bloody gloves at our house.

Lawyer - But this was before...

Dave - O.J. would be dead, nigga, and that's real.

Lawyer - Detective Mark Fuhrman was one of the lead detectives--

Dave - Fuhrman?

Lawyer - --on the case and--

Dave - Fuhrman? He's a racist, it's a racist name. Fuhrman. You're sayin', what is he a furor, German? Fuhrman, German. Sound a little familiar to you? I'm sorry, sir, but he probably says "nigger" a lot, with a name like that.

Lawyer - I can't comment.

Dave - I bet you can't. But as a person that says "nigger" a lot, trust me. That nigga says "nigger" all the time.

Lawyer - Mr. Chappelle, are you suggesting that, because one of the detectives is a possible racist, and because there may have been some minor oversights in the investigation, that it completely lets O.J. off the hook?

Dave - Exactamundo! The defense rests, sir.

Lawyer - Mr. Chappelle--

Dave - No further questions!

Lawyer - Will you at least admit that O.J. more than likely killed his wife?

Dave - Sir, my blackness will not permit me to make a statement like that.

Lawyer - You're dismissed.

Michael Jackson Trial

Lawyer - Are you aware of the charges that Michael Jackson is currently facing?

Dave - Yes, sir. Ah, and for the record, these charges hurt me the most.

Lawyer - So he's guilty?

Dave - Look, man, look, Michael Jackson has many faces, none of 'em look guilty to me. You gotta look in the eyes, not the noses.

Lawyer - He's been accused of this more than once.

Dave – So? Some people say that cucumbers taste better pickled.

Lawyer - What?

Dave - Huh?

Lawyer - What?

Dave - Huh?

Lawyer - What if I told you that the accusers correctly described Michael's penis to investigators?

Dave - Sir, I have never seen Michael's alleged penis, but I bet you that I could describe it. All right, let me guess. There's a head, a shaft, some balls, hair, maybe pressed, permed hair, with glitter sprinkled on it.

Lawyer - That is correct.

Dave - Whoa, how'd I know? Come on, dude, I couldn't pick my own penis out of a lineup, all right? And me and my penis is like this, son.

Lawyer - What about Michael saying it's okay to have children sleep with him?

Dave - That don't mean anything. I'm sure there's plenty of kids that sleep in the bed with their adults all the time, and nothing happens.

Lawyer - So you do you think Michael Jackson is guilty of the charges against him?

Dave - No, man. He made "Thriller." "Thriller."

Lawyer - So you'd let your children sleep with him?

Dave - Fuck no! Eww.
